

**TEN MILE**  
INTERCHANGE

# Project Description

The I-84 Ten Mile Interchange Project is intended to relieve congestion at the I-84 interchanges at Eagle and Meridian Roads and provide local access to the growing area west of Meridian.

The Ten Mile Interchange Project includes completion of an environmental document and design of an I-84 interchange in west Meridian.

## The project includes:

- Gaining environmental clearance needed for construction
- Designing an I-84 interchange and improvements to the surrounding roadways
- Defining the right of way needs and beginning property acquisition
